**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)
MODEL PLAN
Section 9 - Energy Suppliers**

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

Payments are made directly to the vendors. Some vendors take payment by phone call and we have an established code that indicates our status to make that payment. Some vendors take payments by way of email and we have an established access code that allows the tribe to make such payments. All other vendors take a check and a requisition is filled out internally and processed in that manner. However, with each vendor we make the contact and the promise to pay and the fuel source is delivered.

9.2 How do you notify the client of the amount of assistance paid?

The client is informed of eligibility and the amount at intake.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

A bill payment of notice is required at intake and the bill indicates the total bill. We have verbal and working agreements with each vendor on how payment indications are qualified. At intake, the client will qualify based on income eligibility, vulnerable population status, and energy source. We have an agreement with the Pacific Gas & Electric-see attached. The Tribe will continue to work towards written agreements with other vendors this program year. When necessary, we have available for clients to sign a release of information that allows us to enquire only about their energy bill.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

This has never been an issue with our LIHEAP program. If such complaint is received we will intervene, with the client's permission, with the energy provider. The department would also utilize the "release of information" documented to communicate with all parties. The Tribe will work with each vendor this year to clarify each others roles of assurances. We provide at intake and make available a client rights information sheet.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.
Attach a copy of the template statewide vendor agreement or a policy that indicates local agreements must adhere to statewide policies and assurances.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)
MODEL PLAN
Section 10 - Program, Fiscal Monitoring, and Audit**

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of funds?

The fiscal monitoring aspect is taken care of by the Community Services Department (# of payments per year accordingly to policy and statistics collection at the time of department approval) and the Redding Rancheria's Fiscal Department monitoring only authorized staff to sign expenditures and continually assess the adequate funds are available and directing payments to the legitimate vendors (all vendors must have a current w-9 on file). A separate cost center, strictly for LIHEAP funds and regular reporting ensures the funds being spent and who they are being spent on in order.

10.1a Provide your definitions of the following:

Obligation

A signed application (agreement) and a "requisition" is produced. The tribe has "promise to pay" agreements (verbal) in place with vendors. It is the policy of the Redding Rancheria Tribe to pay energy bill within 10 working days once a requisition is submitted.

If the funds have been obligated for September 30th, they can be expended in the next fiscal year.

Expenditures

A check is cut for payment for the service agreed to in the purchase order (requisition) but for the allocation the funding matrix indicates or a credit.

Expenditure timeframe

By tribal policy, weekly, every Tuesday and Thursday requisitions are turned in. However, for urgency regarding utility shut-off a promise to pay is processed to the vendor while our internal tribal financial process is completed.

Administrative costs

No administrative cost is added

Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?

Yes No

10.2a - if yes, describe your auditor selection process.
