Those cases involving major repairs (\$500 or more) and replacements must be inspected by an agency Weatherization Auditor, HVAC Technician, or QCI inspector. An ECIP Heating System Repair/Replacement Inspection Sheet is to be completed by the person inspecting the work and maintained in the client file (including a picture of the repair (if an inspection was required) or the new unit, when a replacement is made). The inspection sheet is maintained on the Members Only page of <a href="https://humanrights.iowa.gov">https://humanrights.iowa.gov</a>.</p> <p>If a household chooses to use their own contractor, or is seeking reimbursement for heating system repair or replacement already completed, all such work must have been done by a contractor who meets Weatherization Program guideline</p>

s (e.g., has all required licenses, required insurance coverage, etc.) and must pass inspection by an agency Weatherization Auditor, HVAC Technician, or QCI inspector. An ECIP Heating System Repair/Replacement Inspection Sheet is to be completed by the person inspecting the work and maintained in the client file (including a picture of the repair (when an inspection is required) or the new unit, when a replacement is made). Appendix G - Heating System Installation Standards must be met before a repair or replacement is deemed to have passed inspection. Payments cannot be made to the contractor until the work passes inspection.

Funds can also be used to pay for hook-up of an LP tank to a new heating system, and/or LP tank regulators that must be replaced. **This component begins October 1<sup>st</sup> and ends September 30<sup>th</sup>.**

**(2) Shelter, Blankets, Electric Portable Space Heaters**

**Payment for obtaining temporary shelter, purchase of blankets and/or electric portable space heaters.** A maximum payment of \$300 per household may be made. There is no limit to the number of space heaters a household can receive, except the expenditure limit. **This component begins October 1<sup>st</sup> and ends September 30<sup>th</sup>.** The following are minimum requirements for space heaters:

Portable Space Heater Requirements (not wall-mounted)

**(3) Emergency Delivery**

Deliverable fuel vendors will be instructed to make the minimal delivery amount, not to exceed \$500, to assure an uninterrupted supply of fuel. **This component begins October 1<sup>st</sup> and ends September 30<sup>th</sup>.** **For a household to qualify for an emergency delivery, the fuel tank must be at, or below 20%, or empty. Emergency delivery for an empty tank must be coded separately from a tank that is 20% full, or less.**

**(4) Emergency Reconnect**

For non-deliverable fuel customers, an initial payment can be made, up to \$500, to establish reconnection with a household's primary **and/or secondary** vendor, provided it would assure reconnection. **This may include necessary deposits.** Benefit can be received prior to receiving regular LIHEAP benefit. **This component begins October 1<sup>st</sup> and ends September 30<sup>th</sup>.**

- o Repair (including tune and clean), purchase of unit, installation of unit

**• Window Air Conditioning Unit/Evaporative Coolers**

- o Homeowners and renters (must have signed landlord, owner, or property manager approval statement, to be included in the file)

- Other measures that may provide life-saving benefits to combat excessive heat

No expenditures for the emergency cooling component will be allowed from October 1<sup>st</sup> through April 30<sup>th</sup>.

Funds can be used to purchase window air conditioners for use the next program year.

Once an air conditioner is paid for with program funds and distributed to the client, the CAA is no longer responsible regarding ownership of the unit.

The priority system is consistently applied to all housing types, single family, mobile homes, and multi-unit dwellings.

Client selection for service is based on a point system which is based on an estimate of annual client bill savings for heating, water heating, and air conditioning measures. Additional points are given if any household members are elderly, disabled, or young children.

A household's client point total will be increased by 5 percent for each of the following situations:

- The household is occupied by an elderly person
- The household is occupied by a person with disabilities
- The household is occupied by young children

##### If yes, Describe.

Eligible households who pay an undesignated portion of their rent toward energy costs will receive assistance sent directly to their secondary (electric) provider.

Direct payments to eligible households must be approved by the state office in all circumstances with the exception of the following:

- Vendor circumstances as outlined on in the Disconnected Applicants section of this manual.\*
  - When both primary and secondary utilities are included in the rent and the account is in the landlord's name.\*
  - When an CAA is unable to locate a vendor for a deliverable fuel customer (e.g., vendor will not sign a General Vendor Agreement, or a vendor is not able to service the tank because it belongs to a different vendor, it is a portable tank, etc.), they are required to offer a choice of either a direct pay to the applicant or payment to a secondary vendor, and the deliverable fuel customer chooses a direct pay.\*
  - Vendor circumstances as outlined on in the Disconnected Applicants section of this manual.\*

This is included as a provision in our vendor agreements and monitored for compliance.

##### 9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

This is included as a provision in our vendor agreements and monitored for compliance.

##### 9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes  No

If so, describe the measures unregulated vendors may take.

## Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 0

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

NA

12.4 Describe your fair hearing procedures for households whose applications are denied.

An applicant may initiate an appeal if the application was denied, or incorrect facts or improper procedures were used to determine eligibility, assistance amounts, or services. The applicant has 30 calendar days from the date of the approval or denial letter to appeal that decision by mailing or delivering the request for appeal to the local administering agency (LAA) at which the application was made.

If the LAA neither approves nor denies the application within 30 calendar days of receipt of a complete application, the applicant may treat the failure to act as a denial. The applicant then has 30 additional calendar days to appeal.

To appeal, the applicant (claimant) must submit a written appeal to the LAA at which they applied, and include the action the applicant would like taken, and any other information which might affect the decision. Those claimants unable to read or write shall have the LAA assist them in reading, writing, or understanding appeals, hearings, and their associated procedures.

The LAA will act on the claimant's request and notify the claimant of the result in writing within seven calendar days of the date an appeal was requested (postmark date if sent in mail).

If the claimant does not agree with the decision reached, the claimant may write the LAA within 14 calendar days of the decision (postmark date if sent in mail) and request that a state hearing be held with the Division of Community Action Agencies (DCAA). The claimant must explain in writing why the agency's decision is being appealed and include any information which might affect the decision.

The LAA will forward all information about the request for a hearing to the DCAA and a hearing will be scheduled within 14 calendar days of receipt of the appeal and request for a hearing. The claimant will receive written notice of a state scheduled hearing from the division. The notice will include the date, time, and place of the hearing. State hearings may be held by telephone at a mutually convenient time or in person. During the hearing, all information will be reviewed and a decision will be rendered by the division within 7 calendar days.

The client may appeal the decision of the DCAA to the Iowa Department of Inspection and Appeals (DIA). The client must submit a written appeal to the DCAA within 7 calendar days (postmark date if sent in mail) of receiving the division's decision. The division will follow the appeal procedures outlined in 481 – Chapter 10 of the Iowa Administrative Code.

12.5 When and how are applicants informed of these rights?

Each applicant is given a copy of the appeal procedure at the time of application. It is also posted at every intake site and on the state website.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

Same as outlined in 12.4, the applicant gets the same approval/denial letter that also states their right to appeal in the event they believe their application is not acted on in a timely manner. They will be notified that their application will be acted upon in 30 calendar days.

12.7 When and how are applicants informed of these rights?

Each applicant is given a copy of the appeal procedure at the time of application that fully explains these rights. A copy the approval/denial letter that also outlines their right to appeal is also posted at every intake site and on the state website.

Resource	What is the type of resource or benefit ?	What is the source(s) of the resource ?	How will the resource be integrated and coordinated with LIHEAP?
1	Customer Contribution Funds	These funds represent a legislatively mandated customer contribution program, for all state regulated utilities. Customers and members donate money in addition to their energy bill. The utility companies also match donated funds with funds of their own.	These funds are passed through to local community action agencies to augment LIHEAP and Weatherization assistance to low-income households. This is a legislative mandated program. Members of Iowa's community action agencies, the state energy assistance office, the state weatherization office, and low-income representatives were instrumental in establishing rules for these programs.
2	MidAmerican Energy, Interstate Power and Light, Black Hills Energy Weatherization of low-income customers	These funds are the continuation of a one-time legislatively mandated program that regulated utilities return money to low-income customers for energy efficiency programs.	Program representatives have, and continue to document and report on low-income households' energy burdens, and the impact of those burdens on the household's ability to meet basic needs. Through personal contact with utility representatives, LIHEAP program representatives have negotiated low-income energy efficiency funding.

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Iowa collects the four required LIHEAP performance measures

- Imminent disconnection of service averted
- Fuel delivered to empty tank
- Fuel delivered to tank with 20% or less remaining

The data is being collected from the 5 largest gas and 5 largest electric utilities, along with our 10 largest propane vendors.

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

#### Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously iden

tified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

**Controlled substance** means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

**Conviction** means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

**Criminal drug statute** means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

**Employee** means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).
