THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) Use of this model plan is optional. However, the information requested is required in order to receive a Low Income Home Energy Assistance Program (LIHEAP) grant in years in which the grantee is not permitted to file an abbreviated plan. Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Section 1 Program Components

Program Components, 2605(a), 2605(b)(1) - Assurance 1, 2605(c)(1)(C)

1.1 Check which components you will operate under the LIHEAP program. (Note: You must provide information for each component designated here as requested elsewhere in this plan.)		Dates of Operation	
		Start Date	End Date
<input checked="" type="checkbox"/>	Heating assistance	10/01/2015	03/31/2016
<input checked="" type="checkbox"/>	Cooling assistance	06/01/2016	08/31/2016
<input checked="" type="checkbox"/>	Crisis assistance	10/01/2015	09/30/2016
<input checked="" type="checkbox"/>	Weatherization assistance	10/01/2015	09/30/2016

Provide further explanation for the dates of operation, if necessary

Nebraska currently provides a year round crisis program. Nebraska contracts with the Nebraska Energy Office (NEO) administer the weatherization program, this is a separate contract.

The availability of the cooling program and the variables used to determine eligible households will depend on the funding received for the current fiscal year LIHEAP funds.

For heating and cooling eligible households, an extra payment may be made in the form of a contingency or supplemental payment or an increase in the regular season's payment during the current energy year. These payments may be made to either a provider or to the household. Supplemental payments will be an option for circumstances which include excess/additional funding, high energy, or extreme weather.

A copy of Nebraska's current regulations are attached.

Estimated Funding Allocation, 2604(C), 2605(k)(1), 2605(b)(9), 2605(b)(16) - Assurances 9 and 16

1.2 Estimate what amount of available LIHEAP funds will be used for each component that you will operate: The total of all percentages must add up to 100%.	Percentage (%)
Heating assistance	57.00%
Cooling assistance	15.00%
Crisis assistance	6.00%
Weatherization assistance	10.00%
Carryover to the following federal fiscal year	2.00%

Administrative and planning costs	10.00%
Services to reduce home energy needs including needs assessment (Assurance 16)	0.00%
Used to develop and implement leveraging activities	0.00%
TOTAL	100.00%

Alternate Use of Crisis Assistance Funds, 2605(c)(1)(C)

1.3 The funds reserved for winter crisis assistance that have not been expended by March 15 will be reprogrammed to:

<input type="checkbox"/>	Heating assistance	<input checked="" type="checkbox"/>	Cooling assistance
<input type="checkbox"/>	Weatherization assistance	<input checked="" type="checkbox"/>	Other (specify): Nebraska runs a year round crisis program at this time.

Categorical Eligibility, 2605(b)(2)(A) - Assurance 2, 2605(c)(1)(A), 2605(b)(8A) - Assurance 8

1.4 Do you consider households categorically eligible if one household member receives one of the following categories of benefits in the left column below? Yes No

If you answered "Yes" to question 1.4, you must complete the table below and answer questions 1.5 and 1.6.

	Heating	Cooling	Crisis	Weatherization
TANF	<input checked="" type="radio"/> Yes <input type="radio"/> No	<input checked="" type="radio"/> Yes <input type="radio"/> No	<input checked="" type="radio"/> Yes <input type="radio"/> No	<input type="radio"/> Yes <input checked="" type="radio"/> No

SNAP	<input type="radio"/> Yes <input checked="" type="radio"/> No			
Means-tested Veterans Programs	<input type="radio"/> Yes <input checked="" type="radio"/> No			

Other(Specify) 1	Program Name	Heating	Cooling	Crisis	Weatherization
		<input type="radio"/> Yes <input type="radio"/> No			

1.5 Do you automatically enroll households without a direct annual application? Yes No

If Yes, explain:

If Nebraska has received an application within the last year for either TANF, AABD, or SNAP, the LIHEAP program is able to use this application on file to determine eligibility. If the household is only receiving LIHEAP benefits and no other programs, then a new application is required yearly. Clients are informed of their right to fair hearing on all applications and also all notices of approval or denial of all programs.

1.6 How do you ensure there is no difference in the treatment of categorically eligible households from those not receiving other public assistance when determining eligibility and benefit amounts?

Nebraska has a standard benefit amount that is determined by factors such number of household members, income, type of dwelling, and fuel type. All Nebraska residents are determined eligible by the same factors.

SNAP Nominal Payments

1.7a Do you allocate LIHEAP funds toward a nominal payment for SNAP households? Yes No

If you answered "Yes" to question 1.7a, you must provide a response to questions 1.7b, 1.7c, and 1.7d.

1.7b Amount of Nominal Assistance: \$0

1.7c Frequency of Assistance

ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92,02/95,03/96,12/98,11/01
OMB Clearance No.: 0970-0075
Expiration Date: 06/30/2017

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 2 - Heating Assistance

Eligibility, 2605(b)(2) - Assurance 2

2.1 Designate the income eligibility threshold used for the heating component:

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	116.00%

2.2 Do you have additional eligibility requirements for HEATING ASSISTANCE? Yes No

2.3 Check the appropriate boxes below and describe the policies for each.

Do you require an Assets test ? Yes No

Do you have additional/differing eligibility policies for:

- Renters? Yes No
- Renters Living in subsidized housing ? Yes No
- Renters with utilities included in the rent ? Yes No

Do you give priority in eligibility to:

- Elderly? Yes No
- Disabled? Yes No
- Young children? Yes No
- Households with high energy burdens ? Yes No
- Other? Yes No

Explanations of policies for each "yes" checked above:

Asset test is explained in the regulations but we look at all resources and liquid resources are all counted in the income/benefit calculations.

For renters the only eligibility policy that differs, is that for renters, we will not look at furnace repair or replacement.

For subsidized housing, the household must be responsible for a portion of the heating payment to be eligible for heating.

The elderly, disabled, young children and those with a high energy burden are review to see if they are eligible for the highest payment. This would still take into account income, resources, and living arrangement.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Nebraska reviews the household size, income, dwelling and fuel type to determine payment amount and larger payments will go to the households with less income, and greater energy burden.

See heating payment matrix table, attached.

2.5 Check the variables you use to determine your benefit levels. (Check all that apply):

- Income
- Family (household) size
- Home energy cost or need:
 - Fuel type
 - Climate/region

Individual bill

Dwelling type

Energy burden (% of income spent on home energy)

Energy need

Other - Describe:

Nebraska will also allow some expenses that will decrease the household's income. These could include but are not limited to, court ordered child support or alimony, health insurance costs, etc.

Comment: unchecked "Energy need" and "other" per Kathryn Maddux with ACF

Benefit Levels, 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.6 Describe estimated benefit levels for FY 2016:

Minimum Benefit	\$167	Maximum Benefit	\$1,327
------------------------	-------	------------------------	---------

2.7 Do you provide in-kind (e.g., blankets, space heaters) and/or other forms of benefits? Yes No

If yes, describe.

Nebraska uses the heating assistance to repair/replace eligible furnace equipment for eligible households, this is limited to homeowners.

Please see attachment of the heating matrix payment table.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 3 - COOLING ASSISTANCE

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92,02/95,03/96,12/98,11/01
OMB Clearance No.: 0970-0075
Expiration Date: 06/30/2017

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 3 - Cooling Assistance

Eligibility, 2605(c)(1)(A), 2605 (b)(2) - Assurance 2

3.1 Designate The income eligibility threshold used for the Cooling componenet:

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	116.00%

3.2 Do you have additional eligibility requirements for COOLING ASSISTANCE? Yes No

3.3 Check the appropriate boxes below and describe the policies for each.

Do you require an Assets test ? Yes No

Do you have additional/differing eligibility policies for:

- Renters?** Yes No
- Renters Living in subsidized housing ?** Yes No
- Renters with utilities included in the rent ?** Yes No

Do you give priority in eligibility to:

- Elderly?** Yes No
- Disabled?** Yes No
- Young children?** Yes No
- Households with high energy burdens ?** Yes No
- Other? medical necessity** Yes No

Explanations of policies for each "yes" checked above:

Nebraska views elderly, disabled, and young as "vulnerable population" so to the answer to Kathryn Maddux's question, yes a client must be considered vulnerable to receive assistance. This includes those who have a doctor's statement stating they have a medial necessity to receive cooling.

For subsidized housing, the household must be responisble for a portion of the cooling payment to be eligible for cooling.

Fans and/or air conditioner repair/replacement or window air conditioners for eligible cooling households may be funded with cooling program funds.

Children are identified as age 5 and under and must be in an ADC/TANF household that receives a grant.

Medical necessity must be provided if there are no household members that are age 70 or older. This is documented on the DM-5 and IM-55 (see attached physician's report for cooling and IM-55 for cooling).

3.4 Describe how you prioritize the provision of cooling assistance tovulnerable populations,e.g., benefit amounts, early application periods, etc.

Nebraska reviews the household size, income, dwelling and fuel type to determine payment amount and larger payments will go to the households with less income, and greater energy burden.

See cooling matrix payment table, attached.

Kathryn Maddux's question - The only people that receive cooling assistance are the vulnerable populations. So they have to go through the same income/resource test as everyone else. They are then given a payment according to the payment matrix.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

3.5 Check the variables you use to determine your benefit levels. (Check all that apply):

- Income
- Family (household) size

<input checked="" type="checkbox"/> Home energy cost or need:
<input type="checkbox"/> Fuel type
<input type="checkbox"/> Climate/region
<input type="checkbox"/> Individual bill
<input checked="" type="checkbox"/> Dwelling type
<input type="checkbox"/> Energy burden (% of income spent on home energy)
<input type="checkbox"/> Energy need
<input type="checkbox"/> Other - Describe:

Nebraska will also allow some expenses that will decrease the household's income. This could include but is not are not limited to, court ordered child support or alimony, health insurance costs, etc.

Benefit Levels, 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

3.6 Describe estimated benefit levels for FY 2016:

Minimum Benefit	\$245	Maximum Benefit	\$688
------------------------	-------	------------------------	-------

3.7 Do you provide in-kind (e.g., fans, air conditioners) and/or other forms of benefits? Yes No

If yes, describe.

Nebraska uses cooling assistance funds to provide window air conditioners and fans to cooling eligible households. Nebraska also assists with repairs/replaces central air conditioner units for cooling eligible households, this is limited to homeowners.

See attached cooling matrix payment table.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 4 - CRISIS ASSISTANCE

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 4: CRISIS ASSISTANCE

Eligibility - 2604(c), 2605(c)(1)(A)

4.1 Designate the income eligibility threshold used for the crisis component

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	116.00%

4.2 Provide your LIHEAP program's definition for determining a crisis.

Nebraska defines a crisis situation as the household has a shut off notice, currently without heating or cooling, is in jeopardy of being taken off their budget plan, or an empty or near empty fuel tank.

4.3 What constitutes a life-threatening crisis?

Nebraska defines a crisis to be life-threatening if the household is experiencing loss of the ability to heat or cool their home and the household contains a member that is frail (receiving disability - SSA/SSI, VA or other types of disability payment), elderly (60 or older), young child (under the age of 6 - does not have to be ADC eligible), or a member is using a medical device that requires electricity.

Crisis Requirement, 2604(c)

4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 48Hours

4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 18Hours

Crisis Eligibility, 2605(c)(1)(A)

4.6 Do you have additional eligibility requirements for CRISIS ASSISTANCE? Yes No

4.7 Check the appropriate boxes below and describe the policies for each

Do you require an Assets test ? Yes No

Do you give priority in eligibility to :

Elderly? Yes No

Disabled? Yes No

Young Children? Yes No

Households with high energy burdens? Yes No

Other? medical devices Yes No

In Order to receive crisis assistance:

Must the household have received a shut-off notice or have a near empty tank? Yes No

Must the household have been shut off or have an empty tank? Yes No

Must the household have exhausted their regular heating benefit? Yes No

Must renters with heating costs included in their rent have received an eviction notice ? Yes No

Must heating/cooling be medically necessary? Yes No

Must the household have non-working heating or cooling equipment? Yes No

Other? Good Payment history unless extenuating circumstances Yes No

Do you have additional / differing eligibility policies for:

Renters? Yes No

Renters living in subsidized housing?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Renters with utilities included in the rent?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Explanations of policies for each "yes" checked above:	
<p>When a client receives a crisis payment, they must be in crisis according to our state regulations. This is most likely having a shut off notice, or be in jeopardy of being taken off the budget plan. If the client has already received a heating payment (this would mean their payment has been used in full by the utility provider), we then look to see if they have received a prior crisis payment. If they have not, we will look at their payment history. If in the last 6 months they have attempted to make payments we will pay the crisis up to the shut off amount. If they do not have a good payment history, we will then look into extenuating circumstances for not making the said payments. If they qualify, then we will make a payment up to the shut off amount. There are cases that the client will need to make a portion of the payment if their payment history is not adequate. If they are not eligible for a crisis payment, we would then refer them to another agency that does not use LIHEAP funds.</p> <p>For extenuating circumstances, we will look to see if the household has any vulnerable population. We also look at their income and their ability to pay, which is what we consider "high energy burden". Again, our definition of vulnerable population are the elderly, disabled, young children, those with high energy burdens, or medical devices, hence giving them priority.</p> <p>For subsidized housing, the household must be responsible for a portion of the heating or cooling payment to be eligible for crisis assistance.</p> <p>If utilities are included in the rent and there is an eviction notice, the eviction notice would need to be resolved prior to receiving crisis assistance through LIHEAP.</p>	
Determination of Benefits	
4.8 How do you handle crisis situations?	
<input checked="" type="checkbox"/>	Separate component
<input type="checkbox"/>	Fast Track
<input type="checkbox"/>	Other - Describe:
4.9 If you have a separate component, how do you determine crisis assistance benefits?	
<input checked="" type="checkbox"/>	Amount to resolve the crisis.
<input type="checkbox"/>	Other - Describe: Amount to resolve the crisis, up to a maximum of \$500, amounts in excess of \$500 may be approved with Central Office authorization. In times of extreme cold or heat, the Central Office may issue a memo with approval to exceed the \$500 maximum.
Crisis Requirements, 2604(c)	
4.10 Do you accept applications for energy crisis assistance at sites that are geographically accessible to all households in the area to be served?	
<input checked="" type="radio"/> Yes <input type="radio"/> No Explain.	
Nebraska has the ability to accept online applications so households do not need to leave their homes to apply for benefits. Households may also call our 1-800 number and request assistance.	
4.11 Do you provide individuals who are physically disabled the means to:	
Submit applications for crisis benefits without leaving their homes?	
<input checked="" type="radio"/> Yes <input type="radio"/> No If No, explain.	
Travel to the sites at which applications for crisis assistance are accepted?	
<input type="radio"/> Yes <input checked="" type="radio"/> No If No, explain.	
If you answered "No" to both options in question 4.11, please explain alternative means of intake to those who are homebound or physically disabled?	
Nebraska has the ability to accept online applications so households do not need to leave their homes to apply for benefits. Households may also call our 1-800 number and request assistance, if the household was already determined eligible for heating or cooling, no new application is needed. If the household has not been determined eligible for heating or cooling and has a current application on file, nothing else is needed. If the household does not have a current application on file, the worker would send an application by mail to the household and discuss with the provider that the client is working with the agency and to delay shut off.

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

Payments will only be made to providers, with the exception where the provider is not cooperating with DHHS in accepting payments or an individuals utilities are included in the rent but the household meets the definition of economic vulnerability. NOTE: on occasions a crisis payment may be sent to the household when the provider does not have and does not care to have a provider agreement with DHHS.

9.2 How do you notify the client of the amount of assistance paid?

A notice is generated by the eligibility system and sent to the household (see attached client notice of action for approval-denial). In addition, payments made to the utility provider also include an explanation of benefits that is sent along with the electronic payment.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

Provider agreements are signed with all providers that receive direct payments from DHHS that requires the provider to apply the amount appropriately.

See attached provider agreement. Nebraska is working on updating these agreements in the 2015 energy year as well.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

A vendor agreement is executed (copy attached) to assure that the LIHEAP households are treated in the exact same manner as private pay customers, as well as assuring that the utility supplier will comply with State Statute in regard to provisions and termination of utility services.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

Unregulated vendors sign the same vendor agreement stated above.

12.2 How many of those fair hearings resulted in the initial decision being reversed? 3

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

Nebraska is currently working on the LIHEAP State Manual to clarify policy and procedures. Please see the current Nebraska Regulations attached.
Breakdown of the hearings - 5 were dismissed per the client request, 12 were dismissed due to failure to appear, 4 dismissed due to not being appealable. 25 were affirmed.

12.4 Describe your fair hearing procedures for households whose applications are denied.

Household must request an appeal, a hearing is then held unless the situation can be alleviated prior to the hearing.
Clients who are not satisfied with the determination on their application may request an informal conference with the customer service center or local office administrator or a designated representative before requesting a fair hearing. If this is done, the administrator or designated representative shall give a written decision within 10 days of the request and send copies of the decision to the claimant and the Central Office.

12.5 When and how are applicants informed of these rights?

Applicants are informed of their rights both in the information packet and on any application form used to determine LIHEAP benefits.

An example of the Notice of Action is attached, as well as our current application and current regulations.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

The client can follow the same procedure as identified in denials. If the application is not acted on in a timely manner it could be cause for additional crisis benefits being needed to be issued to remedy the households situation. Supervisors and PAS (Program Accuracy Specialists) also track the timeliness of cases being activated in case reviews.

12.7 When and how are applicants informed of these rights?

They are informed in the regulations, on the application, and the Notice of Action (see attached client notice of action for approval-denial).

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Nebraska does not do Assurance 16, but the following are activities that Nebraska does participate in to encourage and enable households to reduce their energy needs.

Please note that the grantee has considered "assistance with energy vendors" to be part of the administrative activities. This has generally been in the form of interceding with vendors on behalf of the eligible household experiencing a crisis. For example: if a household's service is scheduled for termination on Wednesday, but the agency knows the customer will receive a paycheck on Thursday, this will enable the household to pay the bill from the households own resources, the agency will contact the vendor in an effort to delay the termination. This may also require a guarantee of a crisis payment in case the households paycheck will not be sufficient to cover the entire bill. This type of activity helps to minimize the use of crisis funds or the amount of crisis funds needed to help the household. The grantee has considered this to be a routine expectation of eligibility staff which serves as advocates for customers.

Nebraska is also a member of the Nebraska Energy Assistance Network (NEAN). In the past, NEAN has conducted energy forums across the state on how to lower the needs of a household to reduce the energy costs. Nebraskaenergyassistance.com is the website for NEAN and carries information on many ways to save or reduce energy costs. Included are videos on Get a Head Start on Energy. NEAN also works with the Head Start program to do both videos and individual sessions with households.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

The only expense that Nebraska incurs for the above activities, is a membership due with NEAN. This would never go over the 5%.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

The impact of the activities is not measured at this time. In the next few years, with the new performance measures, this is something that will be more measurable.

13.4 Describe the level of direct benefits provided to those households in the previous Federal fiscal year.

N/A

13.5 How many households applied for these services? N/A

13.6 How many households received these services? N/A
